Apoorv Agarwal

Web Designer & Developer

About Me

Dynamic & results-oriented professional with a solid background in web development & a passion for designing a responsive web application. With over 4+ Years of experience in Web Design & Development, I have a proven track record of successfully delivering projects on time. My strong analytical & problem-solving skills, combined with a commitment to continuous improvement, have enabled me to streamline processes. I am seeking a challenging Web Development role where I can apply my expertise to drive project success & contribute to organizational growth.

Work Experience

Front-End Web Developer

Adaan Digital Solution Pvt. Ltd., New Delhi

Feb 2020 - Current

- I have more than 4 Years of experience in Web Design which I have upgraded to Front-End Web Developer & where I have been active for the past 2 Months. My speciality is developing easy-to-use & graphical UI beside a base course in HTML & CSS with JavaScript to make website that are responsive & functional.
- Collaborated closely with clients to understand their branding, objectives, & user experience goals, resulting in a highly client satisfaction rate.
- Utilized industry-standard design using the basic skills like HTML & CSS with JS & React js.
